Residential Property **Welcome**

www.bowlinglaw.co.uk

Bowling & Co advises clients based in London, throughout the UK and overseas on a wide range of residential property transactions. We have a team of highly experienced and skilled solicitors who are always on hand to guide and support you throughout the process.

We fully appreciate that legal terminology can be confusing and we pride ourselves on offering clear, concise and jargon free advice.

A residential property transaction can be an exciting but ultimately extremely stressful process whether you are a first time buyer taking your first steps onto the property ladder or an experienced property developer disposing of or adding to your property portfolio. Irrespective of your experience of residential property transactions our team will ensure you are kept fully aware throughout and that the process is clearly explained.

We are mindful that there are numerous bodies offering residential property services and so legal fees can vary substantially. We aim to offer a competitively priced service without compromising on quality. We provide transparent quotes to ensure that you are fully aware of the costs involved with no unpleasant surprises or hidden extras.

We know from experience that clear communication with a single point of contact means that your sale or purchase will go through more smoothly.
